Introduction

Financial Planning Standards Board Ltd. (“FPSB”) owns the CFP®, CERTIFIED FINANCIAL PLANNER®, ,  CERTIFIED FINANCIAL PLANNER®, AFP®, ASSOCIATE FINANCIAL PLANNER®,  AFP and  ASSOCIATE FINANCIAL PLANNER® marks (“CFP marks” and “AFP marks”), and oversees the development of international CFP certification and AFP certification standards to benefit and protect consumers outside the United States.

By meeting and maintaining FPSB’s licensing and affiliation requirements and standards, The Institute of Financial Planners of Hong Kong (IFPHK) is authorized to administer the CFP certification program in Hong Kong and Macau.

Individuals who have met the IFPHK’s initial certification and renewal standards are authorized to use the following four marks in Hong Kong and Macau:

A person’s use of the above CFP marks identifies that he or she has met rigorous ethics, competency and professional practice standards to deliver personal financial planning services in Hong Kong and Macau, as established by FPSB and locally adapted and administered by the IFPHK in Hong Kong and Macau.

To benefit and protect the public, the IFPHK must ensure that the CFP marks are protected and used properly in Hong Kong and Macau, and that any person using the CFP marks has met appropriate certification requirements. Unlike licenses to practice or educational credentials, the CFP certification and service marks must be used in compliance with trademark law in Hong Kong and Macau.

If trademarks are used improperly, they could eventually lose their protective status. If this were to happen to the CFP marks, CFP professionals would lose the differentiation of the certification and consumers would be unable to rely on the CFP certification as a mark of quality for professional personal financial planning. To prevent this, the IFPHK requires all stakeholders to follow these guidelines for the use of the CFP marks.

Please familiarize yourself with the contents of this Guide before using the CFP marks. If you would like the IFPHK to review materials that you are developing which feature the CFP marks, please contact us at info@ifphk.org.

1. Rules for Use of the CFP® Marks

- 1.1 The marks CFP®, CERTIFIED FINANCIAL PLANNER®,  and  CERTIFIED FINANCIAL PLANNER® should be used only as described in this guide.
- 1.2 CFP professionals and other IFPHK stakeholders acknowledge that FPSB is the sole, absolute and exclusive owner of all rights, title and interest in, and to, the CFP marks outside the United States.
- 1.3 CFP professionals and other IFPHK stakeholders will not challenge FPSB as the sole, absolute and exclusive owner of all right, title and interest, including the associated goodwill, in the CFP marks outside the United States.
- 1.4 CFP professionals and other IFPHK stakeholders will not challenge the validity of the CFP marks.
- 1.5 CFP professionals and other IFPHK stakeholders will not adopt, use or promote any mark that is confusingly similar to any of the CFP marks, as determined by FPSB.
- 1.6 CFP professionals and other IFPHK stakeholders will not take, encourage or promote any action that would/does impair the rights of FPSB in and to the CFP marks or the goodwill associated with them, or use the CFP marks in a way that would make it difficult for FPSB to assert its ownership of the CFP marks outside the United States.
- 1.7 CFP professionals are subject to the conditions relating to use of the CFP marks as set forth in the IFPHK's CFP certification Renewal Application Form, if not included in this guide.
- 1.8 The CFP marks must be used in a way that makes it clear that FPSB owns them. The marks may not be used to imply FPSB's endorsement of an individual or company (even when one or more employees are certified by the IFPHK to use the CFP marks).
- 1.9 The CFP marks may not be used as part of the name of an individual's business or company.
- 1.10 The form of the CFP marks may not be altered by modifying in text form, animating, making three-dimensional, or using them on a patterned background, as a watermark, or as part of the background itself.

2. General Requirements for Using the CFP® Marks

CFP professionals should follow FPSB and the IFPHK's requirements when using the CFP®, CERTIFIED FINANCIAL PLANNER®,  and  CERTIFIED FINANCIAL PLANNER® marks in communications and collateral materials. You will greatly assist FPSB and the IFPHK in protecting its CFP marks if you follow three general rules that apply to all marks.

2.1 Always Use the CFP® marks as Adjectives

The CFP marks must never be used as nouns, they must always be used as an adjective modifying a noun.

Correct Use:

- I am a CFP® professional.
- My CERTIFIED FINANCIAL PLANNER® practitioner is named Simon Lim.

Incorrect Use:

- I am a CFP®.
- My planner is a CERTIFIED FINANCIAL PLANNER®.

2.2 Only Modify Certain Nouns with the CFP® marks

Since the CFP marks identify individuals who have met the CFP certification standards, they should modify nouns that refer to individuals, the certification program or the marks themselves. There are five approved nouns that can follow the CFP marks – “certificant”, “certification”, “mark”, “practitioner” and “professional”.

Correct Use:

- CFP® professional
- CFP® practitioner
- CERTIFIED FINANCIAL PLANNER® mark

Incorrect Use:

6. Rules for Reproducing the and CERTIFIED FINANCIAL PLANNER® Logo Marks

To control the quality of the appearance of the  and  CERTIFIED FINANCIAL PLANNER® marks, the IFPHK requires all reproductions to be made from original artwork, be readable, legible and on approved backgrounds, and have consistent use of color. The information below will provide your print vendor the information necessary to create proper reproductions of the marks.

6.1 Original Artwork

All reproductions of the logo marks must be made from original artwork provided by the IFPHK. To obtain positive and reverse reproduction images from the IFPHK, contact us at info@ifphk.org.

6.2 Readability

To maintain readability of the mark symbol, the following four graphic relationships between the mark and the mark symbol have been developed.

W : www.ifphk.org E : info@ifphk.org

6.3 Legibility

The impact and legibility of the printed  and  CERTIFIED FINANCIAL PLANNER® marks will be lessened by crowding it with other visual elements. A clear zone surrounding the mark has been established as an area into which no other graphic imagery or other visual elements may enter. As shown below, this space is determined by the cap height of “CFP”, the typographic element of the  and  CERTIFIED FINANCIAL PLANNER® marks.

Clear Zone

To ensure optimum legibility of the  and  CERTIFIED FINANCIAL PLANNER® marks, a minimum reproduction size of 6mm is recommended. If reduced to a smaller size, the overall legibility and visual impact of the mark may be compromised. If reproduction quality of the  and  CERTIFIED FINANCIAL PLANNER® marks cannot be guaranteed when reproduced at 6mm, a larger size may be necessary.

6.4 Approved Backgrounds

The positive mark should be used on light colored backgrounds ranging from white to values no darker than 40% of black. The  and  CERTIFIED FINANCIAL PLANNER® marks should be reversed if used on dark backgrounds from 50%–100% value of black.

6.5 Color Options

Consistent use of color in the mark is important to establish immediate recognition of individuals certified by an FPSB Member. The required two-color option for the mark uses PANTONE® 280 Blue for the flame element and black for the “CFP” and territory-specific trademark symbol.

7. Using the CFP® Marks on Promotional Materials

The CFP®, CERTIFIED FINANCIAL PLANNER®, , CFP® and  CERTIFIED FINANCIAL PLANNER® marks may be used on promotional materials provided the following requirements are met:

- 7.4 Do not produce promotional items for re-sale.
- 7.5 Use the CFP marks only on promotional items that are in good taste and that do not degrade the marks.

11. Frequently Asked Questions

Q1. How do I know if I have fully complied with the requirements?

A1. You may contact the IFPHK with any questions, comments or concerns at 2982 7888 or info@ifphk.org.

Q2. What are the “marks”?

A2. “marks” refer to the four CFP marks owned by FPSB: CFP®, CERTIFIED FINANCIAL PLANNER®,  CFP® and  CERTIFIED FINANCIAL PLANNER®.

Q3. Why can't I call myself a “CFP”?

A3. The CFP marks do not indicate a title, but a certification that is given in recognition of one's satisfaction of FPSB's initial and ongoing certification standards. Therefore, you must use “CFP” as an adjective (as required by trademark law). The only exception is when the “CFP” mark is used following an individual's name, e.g. Simon Lim, CFP®.

Q4. Why do FPSB and the IFPHK insist on correct use of the CFP marks?

A4. Marks enforcement is consistent with FPSB's and the IFPHK's mission to protect the public. It is important that the CFP marks do not fall into common use and become generic. If the marks no longer stand for the competency, ethics and professional practice standards established by FPSB and the IFPHK, then we will be unable to protect the public as we do today. If the CFP marks are unprotected, the public will not be able to differentiate between a personal financial planner who has completed the rigorous CFP certification requirements and one who has not.

Q5. Can I take my CFP certification with me when I relocate to another Affiliate territory?

A5. Because each territory has its own specific legal, tax, regulatory and other systems and requirements, CFP certification is adapted to indicate financial planner competency for that territory. If you wish to hold yourself out as a CFP certificant capable of practicing financial planning in a new territory, you must meet the Affiliate's certification requirements for cross border certification.

For certification requirements of each affiliate, you may refer to:

<http://www.ifphk.org/about-IFPHK/fpsb-affiliates>.

For FPSB's Cross-border Marks Use Policy, you may refer to

FINANCIAL PLANNING PRACTICE STANDARDS (2021 UPDATED VERSION)

Introduction

IFPHK has adopted the Financial Planning Practice Standards (“Practice Standards”) in order to:

- Establish the level of practice expected of a financial planning professional engaged in the delivery of financial planning to a client;
- Establish norms of professional practice and allow for consistent delivery of financial planning by financial planning professionals;
- Clarify the respective roles and responsibilities of financial planning professionals and their clients in financial planning engagements; and
- Enhance the value of the financial planning process.

Financial planning is the process of developing strategies to assist clients in managing their financial affairs to meet life goals. The process of financial planning involves reviewing all relevant aspects of a client’s situation across a large breadth of financial planning activities, including inter-relationships among often conflicting objectives. The Practice Standards establish the level of professional practice reasonably expected of financial planning professionals during financial planning engagements, regardless of practice type, setting, location or method of compensation. IFPHK expects that clients of financial planning professionals will benefit from a globally accepted set of Practice Standards for financial planning professionals.

Format of the Practice Standards

Each Practice Standard is a statement that relates to an element of the financial planning process. The statement is followed by an explanation of the Practice Standard’s intent, which guides interpretation and application of the Practice

Standards (based on a standard of reasonableness). The explanation is not intended to establish a professional standard or duty beyond what is contained in the Practice Standards itself.

The Practice Standards are not intended to prescribe the services to be provided or step-by-step procedures for providing any particular service. The financial planning process is an integrated one; functions may be combined and/or revisited based on the ongoing relationship between the financial planning professional and the client.

Applicability of the Practice Standards

A financial planning professional should always consider all aspects of the client's financial situation in formulating strategies and making recommendations, and should follow these Practice Standards to the extent that they apply to any given situation. At least some of these Practice Standards apply both to comprehensive financial planning and to the provision of services that only represent one of the components of financial planning (i.e., Financial Management, Asset Management, Risk Management, Tax Planning, Retirement Planning and Estate Planning).

Standard 1, dealing with establishing and defining the relationship with the client, applies any time a financial planning professional provides financial planning or components of financial planning to a client. This serves to establish clear and appropriate expectations for the client and the financial planning professional. Standards 2 through 6 apply to the extent that they are relevant to the financial planning engagement (the scope of the engagement document will dictate the applicability of the standards).

1. ESTABLISH AND DEFINE THE RELATIONSHIP WITH THE CLIENT

1.1: Inform the client about financial planning and the financial planning professional's competencies

The financial planning professional informs the client about the financial planning process, the services the financial planning professional offers, and the financial planning professional's competencies and experience.

Explanation

At the beginning of the client-planner relationship, the financial planning professional engages with the client to identify the client's stated personal and financial objectives; needs; priorities; and prior financial planning experience. The financial planning professional should evaluate the client's objectives in the context of the client's broader, long-term financial and life goals. {The financial planning professional can support the client to define, and plan for, their objectives during practice activity 3.2.} The financial planning professional also seeks to understand the client's purpose in seeking assistance from a financial planning professional to determine whether to provide comprehensive or topic-specific financial planning. The financial planning professional helps the client understand the financial planning process and the nature of financial planning engagements and provides information on the financial planning professional's qualifications. This information may include how financial planning can help the client meet goals; a description of the methodology the financial planning professional uses to provide financial planning services; and information about the financial planning professional's licenses, credentials, experience and expertise. The financial planning professional makes all disclosures to the client as required by applicable regulations at the beginning of the client-planner relationship, and throughout the financial planning process as appropriate or required. The financial planning professional may provide preliminary information on his or her services, competencies and experience, or wait to understand the client's needs before providing this information. The financial planning professional needs to develop a relationship of understanding and trust with the client that supports two-way communication and information sharing during the discovery process.

1.2: Determine whether the financial planning professional can meet the client's needs

The financial planning professional and the client determine whether the services offered by the financial planning professional and his or her competencies meet the needs of the client. The financial planning professional considers his or her skills, knowledge and experience in providing the services requested or likely to be required by the client. The financial planning professional determines if he or she has, and discloses, any conflict(s) of interest.

Explanation

The financial planning professional provides information to the client to allow the client to determine if the professional can meet his or her needs. This could include information about the financial planning professional's areas of technical competence, experience or approach to working with clients; it offers the opportunity for both parties to determine whether they can establish an effective working relationship. The client and financial planning professional mutually consider if the financial planning professional, and/or the professional's staff, have the appropriate abilities, skills and knowledge to meet the client's expectations based on the client's stated financial and life goals, priorities and objectives. The financial planning professional considers if there are any personal conflicts of interest that could affect his or her ability to work successfully with the client. The financial planning professional determines if there are any other circumstances, relationships or facts that would place the interest(s) of the financial planning professional in conflict with the client's interest(s), or the interest(s) of one client in conflict with another client. The financial planning professional advises the client of any such conflicts. The financial planning professional also discusses how he or she will protect the confidentiality of the client's information.

1.3: Define the scope of the engagement

The financial planning professional and the client agree on the services to be provided. The financial planning professional describes, in writing, the scope of the engagement before any financial planning is provided, including details about: the responsibilities of

each party (including third parties); the terms of the engagement; and compensation and conflict(s) of interest of the financial planning professional. The scope of the engagement is set out in writing in a formal document signed by both parties or formally accepted by the client and includes a process for terminating the engagement.

Explanation

Mutually defining the scope of the engagement establishes realistic expectations for the client and the financial planning professional. Clear and mutually agreed expectations support successful outcomes for each party in the engagement. The financial planning professional and the client may agree that the scope of the engagement covers one, several or all of the Financial Planning Components (i.e., Financial Management, Asset Management, Risk Management, Tax Planning, Retirement Planning and Estate Planning).

The financial planning professional and client may also agree on the frequency of contact, the client's communication preferences, whether the financial planning professional will use coaching or other behavioral techniques, and other components the parties agree are important. A written document ensures mutual understanding and agreement between the financial planning professional and the client about the terms of the financial planning engagement. In setting out the terms in an engagement letter or disclosure document, the financial planning professional includes the following:

- Specific services to be included or excluded, such as implementation and review;
- The financial planning professional's compensation arrangements with respect to the engagement, including fees to be paid by the client;
- Existing conflicts of interest, including those involving compensation arrangements with third parties, and agreement to disclose subsequent conflicts of interest if or when they occur;
- Specific parties to the engagement, including details of any legal and agency relationships which may exist;
- Assurance of protection of client confidentiality;
- Duration of the engagement;

- The potential need to use other professionals during the engagement;
- An explanation of qualifications, licenses and experience of individuals who will work with the client;
- Specific limitations on the use of client information;
- The process to be followed when the relationship is terminated by either party, by mutual consent or in extenuating circumstances where the financial planning professional can no longer fulfil his or her professional responsibilities and the steps to be taken to transfer the client to another professional; and

In defining the scope of the engagement, the financial planning professional assists the client in clarifying and prioritizing near-term and long-term objectives, and discusses with the client the merit and feasibility of any objective that appears to be unrealistic.

2. COLLECT THE CLIENT'S INFORMATION

2.1: Identify the client's personal and financial objectives, needs and priorities

The financial planning professional and the client identify the client's personal and financial objectives, needs and priorities that are relevant to the scope of the engagement before making and/or implementing any recommendations.

Explanation

The financial planning professional strives to clearly understand the client's current situation and financial objectives, needs and priorities. The client's life goals, and how they relate to his or her financial objectives, provide guidance to and help structure the financial planning engagement. Beyond the client's stated goals, this is an opportunity for the financial planning professional to ask and learn about the client's experience with finances, attitudes towards money and behaviors around and motivations towards financial matters to understand how these may impact the client's financial decision making and the financial planning professional's recommendations. The financial planning professional assists the client in clarifying and prioritizing near-term and long-term objectives and discusses with the client the merit and feasibility of any objective that appears to be unrealistic.

2.2: Collect quantitative information and documents

The financial planning professional collects sufficient quantitative information and documents about the client relevant to the scope of the engagement before making and/or implementing any recommendations.

Explanation

The financial planning professional strives to collect complete and accurate client information and documents relevant to the scope of the engagement. Some of this information may be collected through the use of appropriate technology, such as online questionnaires or through online access to the client's financial records or bank accounts. The financial planning professional relies on information provided by the

client and other information sources as inputs into the analysis. The financial planning professional communicates to the client the importance of collecting complete, current and accurate information. If the financial planning professional is unable to collect information necessary to develop and support recommendations, the financial planning professional communicates this to the client, explaining how these limitations impact the engagement and the financial planning recommendations. These limitations could result in the financial planning professional preparing a revised engagement document or terminating the client engagement.

2.3: Collect qualitative information

The financial planning professional collects sufficient qualitative information about the client relevant to the scope of the engagement before making and/or implementing any recommendations.

Explanation

The financial planning professional gathers information to understand the client's values, attitudes, expectations and financial experiences. This includes using effective communication skills such as active listening, posing questions and displaying curiosity and a spirit of inquiry with the client throughout the financial planning process. The financial planning professional determines the client's level of sophistication and financial literacy. The financial planning professional should understand that his or her understanding of qualitative aspects of the client will be subjective, and the financial planning professional's understanding may be limited by what the client reveals. A financial planning professional may gather qualitative and quantitative information at one time from the client, through a communication or engagement, or through multiple online or in-person interactions. The financial planning professional confirms with the client the accuracy and completeness of the quantitative and qualitative information. The professional shares with the client a preliminary understanding of the client's situation based on the information collected.

3. ANALYZE AND ASSESS THE CLIENT'S FINANCIAL STATUS

3.1: Analyze the client's information

The financial planning professional analyzes the client's information, subject to the scope of the engagement, to gain an understanding of the client's financial situation.

Explanation

The financial planning professional analyzes the client's current situation and information, and works with the client to resolve obvious factual omissions and/or inconsistencies, ambiguities or discrepancies in the client's information or stated goals or objectives. The primary purpose of the analysis is to identify viable ways of meeting the client's personal and financial goals, objectives, needs and priorities based on the information collected. As part of this analysis, the financial planning professional uses client-specified, mutually agreed upon objectives and other reasonable assumptions, which may include the client's retirement age, life expectancy, income needs, risk factors, time horizon and special needs, as well as economic assumptions such as inflation rates, tax rates and investment returns. Typically, the financial planning professional also relies on information such as balance sheets, cash flow calculations, risk position and income statements to understand the client's financial situation.

3.2: Assess the client's objectives, needs and priorities

The financial planning professional assesses the strengths and weaknesses of the client's current financial situation and compares them to the client's objectives, needs and priorities.

Explanation

The financial planning professional assesses the opportunities, constraints and risks presented by the client's financial situation and current course(s) of action, and determines the likelihood of the client reaching his or her objectives by continuing present activities or making anticipated changes. This includes assessing the client's ability to respond to unexpected personal and financial events. The client may choose to be involved in this process and provide information to the financial planning

professional on feasible trade-offs or acceptable alternative routes that would still meet the client's stated objectives, needs and priorities. The financial planning professional may undertake this activity iteratively throughout the financial planning process as the client's life situation or goals changes or his or her preferences become clearer. The financial planning professional may identify other issues that may impact the client's ability to achieve objectives, which the financial planning professional discusses with the client. It may be appropriate for the financial planning professional to amend the scope of the engagement and/or to obtain additional information.

4. DEVELOP THE FINANCIAL PLANNING RECOMMENDATIONS AND PRESENT THEM TO THE CLIENT

4.1: Identify and evaluate financial planning strategies

The financial planning professional considers one or more strategies relevant to the client's current situation that could reasonably meet the client's objectives, needs and priorities.

Explanation

The financial planning professional identifies possible strategies for achieving the client's confirmed objectives. The financial planning professional provides appropriate information to the client to support the client's understanding of each strategy and how it reasonably addresses the client's objectives, needs and priorities. The evaluation of strategies may involve discussing the importance, priority and timing of the client's objectives and needs; considering multiple assumptions; and/or conducting research or consulting with other professionals. This process may result in a single strategy, multiple strategies or no change to the client's current course(s) of action. More than one strategy may meet the client's objectives, needs and priorities. Strategies and consequences identified by the financial planning professional may differ from those of other practitioners or advisers, illustrating the subjective nature of exercising professional judgment.

4.2: Develop the financial planning recommendations

The financial planning professional develops the financial planning recommendations based on the selected strategies to reasonably meet the client's confirmed objectives, needs and priorities.

Explanation

After identifying and evaluating various strategies and the client's current course(s) of action, the financial planning professional develops financial planning recommendations that can reasonably meet the client's objectives, needs and priorities. The recommendations may be an independent action or a combination of actions which may need to be implemented collectively. They may also need to be modified to reflect feedback from the client on what is considered reasonable and feasible. The recommendation(s) may be to continue the current course(s) of action. If the financial planning professional recommends a change, it may be general or specific in nature. It may be necessary for the financial planning professional to recommend that the client modify an objective, need or priority. The financial planning professional may use professional discernment and judgement to evaluate multiple strategies to develop recommendations and evaluate among multiple strategies. Given the nature of professional advice, the recommendations developed by the financial planning professional may differ from those of other advisers, yet appropriately meet the client's objectives, needs and priorities. In some cases, a financial planning professional and the client may choose to build the recommendations together, based on the client's goals and opinions about the feasibility of an action, as well as on the financial planning professional's technical expertise. It is important that the financial planning professional properly document this part of the financial planning process.

4.3: Present the financial planning recommendations to the client

The financial planning professional presents the financial planning recommendations and the supporting rationale in a way that allows the client to make an informed decision.

T : (852) 2982 7888 F : (852) 2982 7777 W : www.ifphk.org E : info@ifphk.org

Explanation

When sharing the financial planning recommendations with the client, the financial planning professional helps the client understand his or her current situation, the factors and assumptions that are critical to the recommendation(s), the risks of the recommended strategy(ies), and the likely impact of the recommendation(s) on the client's ability to meet stated objectives. The financial planning professional avoids presenting opinion as fact. The financial planning professional informs the client that the recommendations will likely need to be modified as the client's personal, economic and other conditions change. At this stage of the financial planning process, the client can assess whether the recommendations are appropriate, whether the client is willing to act on the recommendation(s), and whether modifications are necessary. When the financial planning professional is developing recommendations together with the client, the financial planning professional works to ensure the client is engaged, providing feedback and reactions to the preliminary and final recommendations.

5. IMPLEMENT THE CLIENT'S FINANCIAL PLANNING RECOMMENDATIONS

5.1: Agree on implementation responsibilities

The financial planning professional and the client agree on implementation responsibilities that are consistent with the scope of the engagement, the client's acceptance of the financial planning recommendations, and the financial planning professional's ability to implement the financial planning recommendations.

Explanation

The financial planning professional and client mutually agree on implementation of the recommendations, which may include products, services or changes in the client's actions, including the client's purchasing or savings behavior. The financial planning professional and the client determine the prioritization, respective responsibilities and contingencies with regard to implementing the recommendations. The financial planning professional confirms the client's understanding and obtains informed consent. The financial planning professional may change the scope of the

engagement, as originally defined, based on an agreement reached with the client. The financial planning professional's responsibilities may include: identifying activities necessary for implementation; clarifying the respective responsibilities of the financial planning professional and the client; referring to, and coordinating with, other professionals; sharing client information as authorized; and selecting and securing products and/or services. The financial planning professional explains the rationale for referrals and the qualification(s) of referred professional(s). If a financial planning professional is engaged by the client to provide only the implementation step of the financial planning process, the financial planning professional should clearly define this in writing in the scope of the engagement with the client. This scope may include the extent to which the financial planning professional relies on information, analysis or recommendations provided by others.

5.2: Identify and present product(s) and service(s) for implementation

Based on the scope of the engagement, the financial planning professional identifies and presents appropriate product(s) and service(s) that are consistent with the financial planning recommendations accepted by the client.

Explanation

The financial planning professional recommends products, services or actions that are suitable to the client's financial situation and reasonably address the client's objectives, needs and priorities. The financial planning professional uses professional judgment in identifying the products, services or financial behavior changes that are in the client's interest. Professional judgment incorporates both qualitative and quantitative information. The financial planning professional may present recommendations for products, client actions or professional services to the client concurrently with financial planning strategies and recommendations. Upon the client's understanding and comfort with the recommended product(s) and strategies, the financial planning professional obtains the client's commitment to support implementation of the planning recommendations.

6. REVIEW THE CLIENT'S SITUATION

6.1: Agree on responsibilities and terms for review of the client's situation

The financial planning professional and client mutually define and agree on terms for reviewing and re-evaluating the client's situation.

Explanation

Since the financial planning process is a dynamic process that may require updates based on changes in the client's personal, economic or other circumstances, the financial planning professional and the client mutually agree on, and understand, their respective roles in ensuring that the client's situation is appropriately reviewed. In instances when a client has real-time, ongoing or integrated access to his or her financial data, and the client and financial planning professional work collaboratively on decision-making, the review cycle may be more nuanced, frequent, interactive and continuous rather than at pre-defined or structured times during the financial planning engagement. The financial planning professional and client mutually define the nature and scope of the review activities and the role and responsibilities of each party in the process. The review process may require modifications to the original scope of engagement or initiation of a new engagement. The financial planning professional periodically reviews progress towards goals with the client, and updates or adjusts the financial planning recommendations as necessary.

6.2: Review and re-evaluate the client's situation

If conducting a review, the financial planning professional and the client review the client's situation to assess progress toward achievement of the objectives of the financial planning recommendations, determine if the recommendations are still appropriate, and confirm any revisions mutually considered necessary.

Explanation

The review process may be initiated by the client or the financial planning professional for various reasons, such as due to a change in the client's objectives, the client's wish to (re)confirm the current planning recommendations, or due to changes in the

financial environment or the client's situation or plans. The review may be a periodic review scheduled by the financial planning professional to confirm the client's commitment to the financial planning recommendations or to adjust as necessary, or the review may be integrated into ongoing interactions between the financial planning professional and the client. The review process may include: confirming that the recommendations agreed on by the client and the financial planning professional have been implemented; assessing progress toward, and achievement of, the objectives of the recommendations to date; re-evaluating initial or subsequent assumptions made by the financial planning professional for reasonableness; determining whether changes in the client's circumstances or objectives require adjustments to the financial planning recommendations; and mutually agreeing on any required changes. As the client's circumstances and needs change, a financial planning professional may need to revisit earlier steps in the financial planning process with the client.

- 7.1.1 Upon receipt of the Disciplinary Report, the Hearing Panel will invite the Respondent to make any further representations in such manner and form and within such time as the Chairman or the Hearing Panel considers appropriate.
- 7.1.2 The Investigating Officer may submit a Reply addressing any new matters arising from the Respondent's further representations within 14 working days, or such other time as the Chairman or the Hearing Panel may direct.
- 7.1.3 In the event the Investigating Officer submits a Reply, the Respondent may make final representations addressing any new matters arising from that Reply within 14 working days, or such other time as the Chairman or the Hearing Panel may direct.
- 7.1.4 Unless either the Respondent in his representations or the Investigating Officer makes a request that an oral hearing be held, the Hearing Panel will then proceed to make a determination on the papers in accordance with Article 7.3. If the Respondent fails to make any representations within the time prescribed, he shall be deemed not to require an oral hearing.
- 7.1.5 The Secretary shall be the point of contact for the parties. All enquiries on procedural matters shall be directed to the Secretary, who shall refer such enquiries to the Chairman for decision. All submissions and correspondence submitted by the parties shall be addressed to the Secretary, who shall circulate such submissions/correspondence to the Panel members and the other party.
- 7.1.6 Where a third party (including a complainant) wishes to make representations to the Hearing Panel, the Hearing Panel may in its absolute discretion allow that party to make representations either orally or in writing as it deems appropriate.
- 7.1.7 The rules of evidence applicable in a court of law do not apply and the Hearing Panel may receive any material (whether orally or in writing), and attach such weight to that material, as the Hearing Panel considers appropriate.
- 7.1.8 Proof of a ground for disciplinary action shall be established on balance of probabilities, adjusted where relevant to take into consideration the gravity of the charges (the "relevant standard of proof").

7.2 Disciplinary Hearings

- 7.2.1 If an oral hearing is requested, the Secretary shall arrange a date, time and venue for the disciplinary hearing. At least 14 working days before the hearing, the parties shall provide the Secretary with a list of the persons who will be attending the hearing with that party, and the respective capacity in which such persons will be acting. The Secretary will provide the parties with a list of the persons who will be attending the hearing once the necessary information has been received by the Secretary.
- 7.2.2 The hearing will be conducted in English or Cantonese as the Hearing Panel may in its discretion direct and any party may, if he/she wishes, be accompanied by a person acting as an interpreter. In any case where a party wishes to be accompanied by an interpreter, that party shall inform the Secretary as soon as possible and in any event at least 5 working days before the hearing. It is the responsibility of the party requiring an interpreter to arrange for an interpreter to be present at the hearing.

- 7.2.4 It is the responsibility of any party requiring the attendance of witness(es) to procure their attendance at the hearing. The Hearing Panel may decline to hear a witness if the Panel considers his or her evidence to be unnecessary or that the hearing of that witness would impede the disciplinary process.
- 7.2.5 If a Respondent fails to attend on the scheduled hearing date and time, the hearing may be conducted in his/her absence.

7.3 Decision of the Hearing Panel

- 7.3.1 The Hearing Panel shall determine either:
- a) that the allegations are not proved to the relevant standard of proof, or that the facts as established do not warrant the imposition of disciplinary action and recommend the allegations be dismissed, either as without merit or with caution; or
 - b) that the allegations are proved to the relevant standard of proof and that disciplinary action is warranted and impose an appropriate sanction.

The procedure outlined in Article 7 will be followed by the Appeal Panel, with the Appellant's written submission being treated as if it were the Disciplinary Report for the purposes of the timetable and process.

A written copy of the final decision and the Order of the Appeal Panel will be provided to the parties and the Committee.

- 9.1 Interim suspension is the temporary suspension by IFPHK of a CFP/AFP certificant's right to use the Marks for a definite or indefinite period of time, while disciplinary proceedings are pending or ongoing. CFP® Certification Renewal Policy and Guidelines on CE Requirements

A. CERTIFICATION RENEWAL AND ONGOING CERTIFICATION REQUIREMENTS

All CFP® certificants are required to renew their certification annually in order to continue using the CFP marks. To renew their certification, they must maintain technical competence and fulfill ethical obligations. They must complete a minimum of 15 credits of continuing education (CE) every year (2 of which must be obtained from CE programs on compliance or ethics), in order to stay current with developments in the financial planning profession and better serve clients. Certificants who receive their certification on or after 1 July may complete a minimum of 7.5 CE credits to meet the renewal requirement for the first year (1 of which must be obtained from CE programs on compliance or ethics). That is,

Certification Date	CE Requirements for Renewal for Year 2021
On or before 30 June 2020	15 CE credits, including 2 CE credits on compliance or ethics
On or after 1 July 2020	7.5 CE credits, including 1 CE credit on compliance or ethics

In addition to the annual continuing education requirement, all CFP certificants voluntarily disclose any public, civil, criminal or disciplinary actions that may have been taken against them during the previous year as part of the renewal process.

With the consent of all CFP certificants, IFPHK is able to disclose CFP certificants' certification status, date of certification, professional standing and history of disciplinary actions as a CFP certificant and the date of ceasing to be a CFP certificant (if applicable) to the public.

Renewal Period

The one year certification period is by calendar year, from 1 January to 31 December. All current CFP certificants must submit their completed and signed certification renewal application forms with appropriate fees to IFPHK before 31 December each year.

Late Application and Late Fee

CFP certificants who miss the renewal deadline on 31 December can still apply for renewal before end of February in the following year without seeking reinstatement by paying a late fee of HK\$200.

Current Reinstatement Policies

- ☐ The maximum lapsed period for CFP certification is 2 years with reinstatement fee of HK\$300 for the first year and HK\$600 for the second year.
- ☐ For those former CFP certificants who have not reinstated their CFP certifications within 2 years after certification expiration, they will have to retake and pass CFP Certification Examination (Level 2) within 5 years after certification expiration, and re-submit CFP certification application to IFPHK in order to regain the CFP certifications.
- ☐ If the CFP certifications have been lapsed for more than 5 years, the former CFP certificants are required to fulfill all the 4Es requirements again in order to regain the CFP certifications.

CFP® Certification Renewal Policy and Guidelines on CE Requirements

Examples on Application of Reinstatement Policies to Former CFP Certificants:

Certification Status	Renewal / Reinstatement Arrangements
Certification expired on 31 Dec 2020	Can lapse the certification till end of 2022, i.e. certification can be reinstated by fulfilling the CE requirement and paying the appropriate fees by the end of 2022.
Certification expired on 31 Dec 2019	Can lapse the certification till end of 2021, i.e. certification can be reinstated by fulfilling the CE requirement and paying the appropriate fees by the end of 2021.
Certification expired on 31 Dec 2018	Certification relinquished and have to retake and pass CFP Certification Examination (Level 2) by the end of 2023 to regain the certification.
Certification expired on 31 Dec 2017	Certification relinquished and have to retake and pass CFP Certification Examination (Level 2) by the end of 2022 to regain the certification.
Certification expired on 31 Dec 2016	Certification relinquished and have to retake and pass CFP Certification Examination (Level 2) by the end of 2021 to regain the certification.
Certification expired on 31 Dec 2015	Certification relinquished and have to fulfill all 4Es requirements again to regain the certification.

Renewal Reminders and Notices

Several reminders will be sent to certificants reminding them of renewal and continuing education requirements prior to 31 December.

After the extended renewal deadline on 28 or 29 February, a deficiency notice will be sent to certificants whose renewal applications are outstanding, alerting them that their certifications are being temporarily suspended.

Before the certifications are lapsed for renewal for more than 1 year, a reminder will be sent to urge the certificants to do reinstatement within 1 year after certification expiration.

Before the certifications are lapsed for renewal for more than 2 years, a relinquishment reminder will be sent to prompt the certificants whose certifications are temporarily suspended that failure to reinstate before the next deadline will lead to relinquishment of their certifications.

If the certifications are let to be lapsed for more than 2 years, a notice will be sent to these former certificants that their certifications have been relinquished. They will need to retake and pass CFP Certification Examination (Level 2) within 5 years after certification expiration, and re-submit CFP certification application to IFPHK should they want to regain their certifications.

If the certifications are let to be lapsed for more than 5 years, the former CFP certificants are required to fulfill all the 4Es requirements again in order to regain the CFP certifications.

CFP® Certification Renewal Policy and Guidelines on CE Requirements

B. SUSPENSION OF CERTIFICATION AFTER ANNUAL RENEWAL DEADLINE

If a completed application is not received before the extended renewal deadline by the end of February in the following year, the CFP® certificant will be considered as not having satisfied the renewal requirements and the certification will automatically be suspended. The list of “temporarily suspended CFP® certificants” will be posted on IFPHK’s website and published in our official publication for public’s information. IFPHK may take any other actions it deems appropriate.

Certification Reinstatement within Two Years of Certification Expiration

For CFP certificants who want to reinstate their certifications after the renewal deadline and before 31 December of the next year or the year after, they must:

- Submit a completed CFP® Certification Reinstatement Form
- Pay appropriate certification fee for the year(s) lapsed
- Pay prevailing 1st or 2nd year reinstatement fee
- Fulfill the continuing education requirement for the year(s) lapsed
- Continue to adhere to IFPHK’s Code of Ethics and Professional Responsibility

Relinquishment of Certification after Two Years of Certification Expiration

A maximum lapse of two years of the certification is allowed, i.e., till the renewal deadline for third year, before the CFP certification is relinquished.

The list of “relinquished CFP® certificants” will be posted on our website and published in the official publication of IFPHK for public’s information. IFPHK may take any other actions it deems appropriate.

Certification Reinstatement after Two Years of Certification Expiration

The former CFP certificants have to retake and pass CFP Certification Examination (Level 2) within 5 years after certification expiration, and re-submit CFP certification application to IFPHK to regain the CFP certifications.

Certification Reinstatement after Five Years of Certification Expiration

The former certificants are required to fulfill all the 4Es requirements again in order to regain the CFP certifications.

CFP® Certification Renewal Policy and Guidelines on CE Requirements

C. VOLUNTARY WITHDRAWAL

A CFP certificant may declare voluntary withdrawal by submitting a written request to IFPHK any time before the current certification expires.

If such request is not received before the extended certification renewal application deadline, it will be considered as “certification suspension” or “certification relinquishment” unless the reinstatement application is received with all renewal deficiencies being made up beforehand.

Reinstatement of voluntarily withdrawn certifications can be granted by IFPHK if the former certificants choose to do so within the first two years that they withdraw their certifications, and they must:

- Submit a completed CFP® Certification Reinstatement Form
- Pay appropriate certification fee for the year(s) lapsed
- Pay prevailing 1st or 2nd year reinstatement fee
- Fulfill the continuing education requirement for the year(s) lapsed
- Continue to adhere to IFPHK’s Code of Ethics and Professional Responsibility

Reinstatement of certifications is only allowed within the first two years of withdrawal of certifications. After that, the former certificants must retake and pass CFP Certification Examination (Level 2) within 5 years after certification expiration, and re-submit CFP certification application to IFPHK in order to regain the CFP certification. After 5 years of certification expiration, the former CFP certificants have to fulfill all the 4Es requirements again in order to regain the CFP certifications.

D. CERTIFICATION RENEWAL REQUIREMENTS

Certificants who cannot comply with the renewal requirements for health reasons or other circumstances beyond their control can submit a written request to IFPHK for consideration. Such requests must include an explanatory letter and all applicable supporting documentation. These cases will be considered by the Board of Directors on a case-by-case basis. Board of Directors may grant an extension of the deadline for fulfilling the CE requirements (i.e. 31 December) for a maximum period of six months.

In the event of hardship, concessionary fees will also be considered upon requests by certificants.
